Sleman, Yogyakarta

Informatics graduate from Universitas Sanata Dharma with a strong interest and professional experience in full stack web development. Experienced in building and maintaining web applications, with a focus on clean, well structured, and user-friendly interfaces. Detail oriented and adaptable, with strong teamwork and communication skills and a willingness to continuously learn and grow in a professional environment.

Education Level

Universitas Sanata Dharma - **Yogyakarta, Indonesia** Aug 2022 - Aug 2026
Bachelor of Computer Science, 3.46/4.00

Experiences

Web Developer Staff - **Dialogika** Jun 2026 - Sep 2026

- Led the rebuild of the internal web system (HRIS & business apps): migrated a legacy codebase to a modular architecture using JavaScript (ES6+), React, Next.js, and Firebase Firestore (NoSQL).
- Designed Firestore schemas and queries for recruitment, attendance, leave, reimbursement, and employee admin modules (20+ users).
- Built REST APIs with PHP (Laravel) and PostgreSQL to support business app modules.
- Created UI designs and prototypes in Figma before implementation.
- Built an intern task tracking system with daily reports and a points based gamification feature.
- Implemented authentication and role based access control with Firebase Auth and security rules.
- Mentored 3 web development interns: task assignment, code reviews via Git/GitHub, technical guidance (teamwork).
- Managed dependencies and build scripts with npm.
- Analyzed requirements with cross-functional teams, debugged frontend and data layers (problem solving, logical thinking).

Internship - **Dialogika** Mar 2026 - Jun 2026
Web Developer

- Built and maintained internal web apps with HTML5, CSS3, JavaScript (ES6+), React, and Firebase.
- Developed an HRIS platform covering recruitment, attendance, leave, reimbursement, employee admin, and intern task tracking.
- Integrated Firestore for real-time data and consumed REST APIs across multiple internal apps.
- Collaborated on troubleshooting, code reviews, and refactoring via Git/GitHub.

General Elections Commission (KPU) of Universitas Sanata Dharma (USD) - **Universitas Sanata Dharma** Mar 2025 - Oct 2025
Member of the Web Data Division

- Helped define features for the KPU website and drafted UI layouts in Figma.
- Structured and implemented content and UI with semantic HTML5 + CSS3 (consistent, accessible).
- Analyzed election data and built visualizations (logical thinking, decision making driven by data).

Skills

- **Frontend**: HTML5, CSS3, JavaScript(ES6+), React, Next.js, Figma
- **Backend**: PHP, Laravel, REST API
- **Database**: PostgreSQL, Firebase FireStore (No SQL)
- **Tools**: Git, GitHub, npm
- **Soft Skills**: Teamwork, Decision Making, Logical Thinking and Problem Solving.
